LANGUAGE

• English
• Hindi

CERTIFICATION

• Finxthon Hackathon Participant
Certificate
• ReactJs Certificate

EXPERIENCE

- Skilled in Spring Boot, React.js, and MySQL, crafting apps with user needs at the forefront using HTML, CSS, and JavaScript.
- Advanced in Spring JPA, React.js, and frontend tools, creating captivating and interactive web experiences
- I've used Git to work well with others, making it easy for us to manage and organize our code in various situations.

PROJECTS

MOBILE CONTACT MASTER GitHub

- Technologies Utilized: JAVA, SPRING BOOT, HTML, CSS, JAVASCRIPT, THYMELEAF, MYSQL, SPRING SECURITY, SPRING JPA, SPRING-MVC, BOOTSTRAP
- Mobile Contact Master web application is a **CRUD-BASED** application. It can be very useful for individuals or organizations to keep track of and manage their contacts efficiently.

DONATION WEB APPLICATION GitHub

- Technologies Utilized: JAVA, SPRING BOOT, HTML, CSS, JAVASCRIPT, RAZARPAY, THYMELEAF, MYSQL, SPRING SECURITY, SPRING JPA, SPRING-MVC, BOOTSTRAP
- Empower change with our donation web application. Seamlessly support NGOs and their causes by making secure online payments.

MOVIE FINDER WEBSITE GitHub

- Technologies Utilized: REACT.JS, CSS, API's
- Welcome to our Movie Finder project, the gateway to a universe of movies. With the power to discover, explore, and add films to your watchlist, the magic of cinema is at your fingertips.

WORLDWIDE ADVENTURE TRACK GitHub

- Technologies Utilized: REACT.JS, CSS, API's
- Discover and record your global adventures with 'Worldwide Adventure Track' – it's your personal map for marking where you've been and a city diary for capturing the stories behind your travels.

VOLUNTEERING

FUSION SOCIETY TECHNICAL CLUB

Oct 2022 - Aug 2023

STRENGTH AND HOBBIES
